

NOURIN BUSHAIR K.B

Kochi, Kerala, India | +91 8891921776 | nourinbushair@gmail.com | GitHub: github.com/NourinBushair

PROFESSIONAL SUMMARY

Detail-oriented BCA Cybersecurity student with hands-on exposure to network security, vulnerability assessment, web application security, ethical hacking principles, and Linux environments. Completed a Cyber Security internship with practical experience in threat analysis, risk assessment, security testing, and vulnerability identification. Familiar with Nmap, Wireshark, Kali Linux, GitHub, Python, Java, and secure coding practices.

Passionate about cybersecurity operations, penetration testing, and digital security, with strong analytical, documentation, and problem-solving skills.

TECHNICAL SKILLS

Cybersecurity: Network Security, Web Security, Vulnerability Assessment, Risk Assessment, Threat Analysis, Security Controls

Tools: Kali Linux, Nmap, Wireshark, Git, GitHub

Programming: Python (Basic), Java (Basic), HTML, CSS

Other: AI Fundamentals, Prompt Engineering, Agile & Scrum, Technical Documentation

INTERSHIP EXPERIENCE

Cyber Security Intern | Woogle Tech | 2025

- Assisted in cybersecurity training projects involving vulnerability assessment and security awareness.
- Studied attack vectors, threat mitigation techniques, and secure configuration practices.
- Worked with cybersecurity tools in controlled lab environments.
- Participated in security testing and vulnerability identification activities.
- Strengthened analytical thinking, technical documentation, and teamwork skills.

PROJECTS

- Network Scanning & Vulnerability Identification Lab
 - Performed network reconnaissance using Nmap in a controlled environment.
 - Identified open ports, analyzed exposed services, and documented findings.
 - Suggested mitigation measures for identified security weaknesses.
- Secure Web Login Page
 - Developed a responsive HTML-based login page.
 - Applied secure input validation concepts and foundational web security principles.

CERTIFICATIONS

- Cyber Security Internship Completion Certificate – Wooglee Tech (2025)
- Hack the Web: Web Application Penetration Testing Workshop – Offense Hackers Academy (2025)
- Fundamentals of Java Programming – Coursera (2024)
- Introduction to Java – Coursera LearnQuest (2024)
- Introduction to Agile Development and Scrum – Coursera IBM (2025)
- Programming Foundations: Beyond the Fundamentals – LinkedIn Learning (2025)
- Programming Foundations: Algorithms – LinkedIn Learning (2025)
- Prompt Engineering Workshop – AccelerateX (2024)
- 5-Day Internship on AI Project Development – AccelerateX (2024)
- AI Builders Lab – Google for Developers & Hack2Skill

EDUCATION

Bachelor of Computer Applications (BCA) – Cybersecurity
Jain University, Kochi | 2024 – 2027 (Pursuing)

CORE COMPETENCIES

Problem Solving, Analytical Thinking, Attention to Detail, Team Collaboration,
Communication Skills, Adaptability, Continuous Learning, Technical Documentation
